COURSE DESCRIPTION

Students will gain an understanding of the forces that shape human development across the lifespan. A particular emphasis will be placed on the interplay of biological, psychological and contextual factors, such as culture, in shaping development over time. As part of understanding and applying developmental concepts, students will engage in active participation with their peers.

International Scholars Program - This course fulfills one of the curriculum requirements of the International Scholars Program. Learn more about how you can obtain a graduation medallion and diploma at <https://internationalcenter.ufl.edu/global-learning/international-scholars-program>.

STRUCTURE OF COURSE IN E-LEARNING

This course is fully on-line with no specified meeting times. Students are expected to login to Canvas at least 2-3 times/week to participate in group discussions, take weekly quizzes, and check emails/announcements.

This course is broken down into 14 topical modules, and each module covers one (sometimes two) chapter of your textbook with some additional material that you will find in my lectures. Note, that the topics will **not** be covered in the same order as they are presented in the textbook, so please follow our class syllabus. All modules contain: objectives, readings (what to read for any given week), lectures (lectures to watch), assignments, and quizzes.

The course is self-paced only in the sense that you can read and study weekly material, watch lectures, and work on My Virtual Life assignments ahead of time.

Group discussions can only be completed within the specified time frame. If you wish to move ahead of our class schedule, click on Modules (on the left-hand side panel and choose the module you want to study.

MODULE TIMELINE

Module will begin on a Monday morning (12am) and will end on a Saturday night (11:59pm) (check schedule for exceptions). All graded assignments will be due on Saturday, at 11:59pm, with some exceptions. We will respond to your emails Monday-Friday (Occasionally we may be able to respond on weekends; if you have a question about an upcoming assignment you should plan to email them during week days as we most likely will not respond to your question before the assignment is due).

All modules will be unlocked at the beginning of the semester (unless it is being revised or updated). However, I strongly recommend that you keep up with our course timeline instead of postponing everything until the end of the semester.

COURSE COMMUNICATIONS

All communication will be done in Canvas—emails, discussions, and announcements. ***Please do not send emails to my uf email address.***

IMPORTANT INFORMATION ABOUT REQUIRED TEXTBOOK AND OTHER CLASS MATERIALS:

You will be using Pearson Revel, Feldman, **LIFE SPAN DEVELOPMENT: A TOPICAL APPROACH**

This package includes an e-book, my virtual life simulation program, and other supplemental materials.

MyVirtual Life: You will be required to complete My Virtual Life simulation, only raising a child portion. More details will be posted on Canvas.

Read the instructions BEFORE starting the simulation.

WEEKLY QUIZZES (43%)

There will be a quiz for each chapter/lectures covered in this class + one cumulative quiz covering everything, a total of 14 quizzes. However, one lowest grade quiz will be dropped, so you can either miss one quiz or the lowest grade quiz will be automatically dropped (only 13 quizzes will be counted). Module quizzes will be unlocked at the beginning of the semester and due at the end of semester (see syllabus for exact date). This will allow you to take extra time to study, if necessary. *However, I strongly recommend that you do not postpone taking the quizzes and get into the habit of completing each quiz by the end of its module week.*

All quizzes are timed, and will consist of short 20 objective questions (multiple choice/multiple answers and/or true/false format). One (lowest) quiz will be dropped, and only 13 quizzes will be counted towards your final grade. Each question is worth 0.5 point. So, each quiz is worth 10 points. Items are drawn at random from a larger pool of items, so no two people may receive the same quiz. Quizzes are not cumulative; each quiz pertains to the material covered in a particular week/module, including lectures, and videos for that week.

The answers will only be revealed at the end of the semester, however, you can email me to inquire about any question or any quiz, and find out the correct answers within one week of taking it.

The quizzes are relatively easy and most students do well on them—the average fluctuates between 85 and 90.

IMPORTANT: You are responsible for the strength and reliability of your internet, and for using a reliable computer. If you lose internet connection due to issues with **your** computer or internet, you will not be allowed to retake quizzes or the final exam. If the interruption in connection is caused by the issues in Canvas, contact e-learning help desk right away and get verification. My decision about letting students retake quizzes will be determined on an individual basis. Since the chances of experiencing technical issues more than once in a semester are very slim to none, no one will be allowed to retake more than one quiz.

GROUP DISCUSSIONS (5%)

You will participate in 7 group discussions but only 6 will count. Thus, you are allowed to drop/skip one or I will simply drop one discussion grade with the lowest grade.

Most every discussion will pose a question, or a set of questions, and you will be asked to give your informed opinion. No late posts will be allowed. No replies are required, however, you are allowed to reply to your peers if you find their posts compelling and insightful.

MY VIRTUAL CHILD SIMULATIONS ASSIGNMENT (20%)

You will raise a virtual child (read my instructions to this assignment) and write a short critical evaluation paper. ***I strongly recommend that you become familiar with the directions and the format of this assignment as early as possible and start working on the simulations as early as you can.***

Inquiries about MVL paper (e.g., questions, ask for help, etc.) should be made at least 24 hours before their due dates to ensure that you will receive our response in a timely manner (before papers are due). Questions should be sent to class instructor or TAs via Canvas mail.

Please know that the average score on the papers is a B, and many students will see a slight drop in their overall grade.

VIRTUAL CULTURAL EXCHANGE (5%)

There are two options (A or B) to fulfill the requirement for this assignment. Option #A is to participate in the zoom (synchronous) virtual exchange discussion. Unfortunately, the date and time of this zoom meeting is preset and cannot be changed (see syllabus). If you are unable to attend it, please complete option #B which has flexible due dates. For this option, you will create a presentation on the topic of culture (see details on Canvas) and you will evaluate similar presentations of your peer via Canvas. Option B is an asynchronous assignment.

All the details are posted on Canvas course shell.

FINAL EXAM (25%)

Final exam will be cumulative, however, it will be only based on the material covered in my lectures. Inquiries about the exam should be sent to course instructor at least 24 hours in advance to ensure that you receive response on time.

The final exam will be conducted through Honorlock.

IMPORTANT: You are responsible for your internet strength and reliability, and for using a reliable computer. If you lose internet connection due to issues with your computer or internet, you will not be allowed to retake the final exam. If the interruption in connection is caused by issues in Canvas, contact e-learning help desk and get verification. The decision to allow retaking the final exam will be determined on an individual basis and will be based on the cause of the issue.

PSYCHOLOGY RESEARCH EXPERIENCE THROUGH SONA (2%)

There are two options to choose from, participate in 20 credits of research or write a critical analysis paper. The details are posted on Canvas course shell. Here are some important deadlines:

If you choose to do critical analysis paper you must declare it by **March 22, 11:59pm**. This paper must be completed and submitted to Canvas assignment by **April 24, 11:59pm**.

Last Day to earn SONA credits is **April 19, 11:59pm**. All credits from SONA will be awarded to you by **April 24, 11:59pm**.

EXTRA CREDITS

There will be two possible ways for you to earn some extra credits. I offer them to boost everyone's final grade (without giving any favors); and this works especially

well for those who are close to the next letter grade at the end of the semester. Please consider taking these opportunities (don't miss the due dates if given) as this will be the only opportunities to get a "bump" in your final grade.

- **Participation in a survey study (this is not related to the Research experience participation assignment (2%))**
- **Possible end of semester survey (0.5%): TBA**

POLICY FOR DISPUTING GRADES

You will have one week after the release of a grade (**exception is the final exam; see syllabus schedule for the final exam dispute deadline**), including weekends and holidays, to dispute it (Disputes are defined as questions about the material on a quiz, final exam, or an assignment), and will NOT be accepted after the deadline.

If you want to dispute a grade you will need to write a paragraph explaining the dispute (write out the question on the quiz or explain the part of the assignment in detail). Quiz disputes must be sent to my Canvas mail (your instructor). Disputes about MVL writing paper or discussions should be sent to your graduate TA via Canvas mail.

COURSE POLICIES & GUIDELINES

1. All communication will be done in Canvas.

If you have any questions/comments pertaining to

- ✓ Course administration, not time sensitive: post your question in Technical issues and course materials errors/ FAQ discussion board.
- ✓ Course concepts: post your question in Course Concepts discussion board.
- ✓ If you do not receive an answer from either FAQ or Course Concepts discussion boards within 24 hours, contact instructor or TA by Canvas mail.

*Discussion boards will not be monitored on Saturdays and Sundays.

If you have a question about

- ✓ Quiz or final exam grade, email your instructor.
- ✓ Group discussions, email me graduate or undergraduate TA.
- ✓ MVL assignment grades, email graduate TA.

Do not post questions or information about your grade on the FAQ board.

*CANNOT CONTACT INSTRUCTOR OR TA 8 HRS BEFORE an ASSIGNMENT IS DUE!!!

- ✓ In the case of a serious medical condition, a family emergency or other situation that will keep you out of class a week or more, email me (your instructor) to mklimenko@ufl.edu.

2. All interactions with instructors and among class members are expected to be professional and appropriate. Students are encouraged to answer each other's questions on the FAQ and Course Content Board.
3. Announcements: Occasionally, announcements will be made. If there are any changes to class schedule or assignments.
4. Extension of deadlines may be requested ONLY for university excused absences with adequate documentation. Requests for an extension must be based on University approved reasons and must include proper documentation as per University guidelines. Requests for extensions must be made before the deadline, if possible, or within 24 hours of the deadline for unexpected emergencies.
5. Computer/internet access to e-learning is required for this course. Students are responsible for maintaining access to e-learning.
 - ✓ Extensions will not be given for student-based technical difficulties. Do not wait until the last minute to complete assignments and quizzes! Do not take your quizzes on the bus! Use a land connection instead of Wi-Fi.
 - ✓ If UF e-learning experiences technical difficulties, deadlines will be adjusted to allow for completion of assignments.
6. This course adheres to all University Policies. See <http://www.dso.ufl.edu/> for useful information at the Dean of Students Office webpage.

7. Academic Honesty: This course uses the definitions and guidelines for academic honesty as described by the Dean of Students Office. See <http://www.dso.ufl.edu/judicial/academic.php> for details.
8. Students with disabilities: requesting accommodation must first register with the Dean of Students Office. The Dean of Students Office will provide documentation to the student who must then provide this documentation to the Instructor when requesting accommodation. See <http://www.dso.ufl.edu/drc/> for details.
9. Religious Observances: Please check your calendars against the course syllabus. Any student having a conflict due to religious observance should contact me as soon as possible so that we can make any necessary arrangements.
10. Copyright Statement: Some of the materials in this course are possibly copyrighted. They are intended for use only by students registered and enrolled in this course and for instructional activities associated with and for the duration of the course. **They may not be retained in another medium or disseminated further.** They are provided in compliance with the provisions of the Teach Act.
11. **In-Class Recording:** Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor. A “class lecture” is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session. Publication without permission of the instructor is prohibited. To “publish” means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section.

Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student.

12. Syllabus Change Policy: Except for changes that substantially affect implementation of the evaluation (grading) statement, this syllabus is a guide for the course and is subject to change with advance notice. If changes are made to this syllabus they will be announced and/or emailed. It is **your** responsibility to check for announcements and/or email of changes online.

13. Extra Help: Contact me as soon as possible for extra assistance if you discover you are having trouble. I want you to do well!

GRADING

How your final grade is calculated (and how you can estimate your final grade):

Multiply your total percentage points for Psychology Research Experience Through Sona by 2 and divide by 100

multiply your total percentage points for Group Discussions by 5 and divide by 100

multiply your total percentage points for Quizzes by 43 and divide by 100

multiply your total percentage points for Final Exam by 25 and divide by 100

multiply your total percentage points for Cultural Exchange by 5 and divide by 100

multiply your total percentage points for MVL paper by 20 and divide by 100

Next, add all percentage points for each assignment category you got above up.

Any extra credits are extras and should be added at the end!

Assignment	Percentage of your Grade
Quizzes (13)	43%
Group Discussions (6)	5%
MVL Assignment	20%
Virtual Exchange	5%
Final Exam	25%
Psychology Research Experience	2%
Total	100%

GRADING SCALE

Grade	%
A	94% - 100%
A-	90% & up
B+	87% & up

B	84% & up
B-	80% & up
C+	77% & up
C	74% & up
C-	70% & up
D+	67% & up
D	64% & up
D-	61% & up
E	<61%

The good news is – these grades are firm – there is no curve. Everybody in the class can get an A grade and I hope you do.

The bad news is – these grades are firm – there is no curve. If you score just a quarter of a point below the cutoff then you will receive the lower grade.

IMPORTANT: “Canvas is always working to calculate two grades, the current grade and the total grade, for students. The current grade is calculated by adding up the graded assignments according to their weight in the course grading scheme. This grade is calculated with the **Calculate based only on graded assignments** checkbox selected in the sidebar. The total grade is calculated by adding up all the assignments according to their weight in the course grading scheme. If a course is using weighted assignment groups, students can also see how each assignment is weighted in the course.

To view the total grade in the course, students can deselect the **Calculate based only on graded assignments** checkbox.”
