

DQE Requirements/Dates (its own file)

Requirements

1. Filed a valid and current Doctoral Supervisory Committee Form with both the Graduate School and the Psychology Department's Graduate Coordinator.
2. Had the Doctoral Supervisory Committee review and approve the student's Doctoral Planned Program of Study. This review can occur in an in-person meeting or via other communication method agreed upon by your committee. Have the Planned Program of Study form and accompanying materials signed by the Doctoral Supervisory Committee chairperson and placed in the student file.
3. Submitted a completed and signed (by the Chairperson of his/her Doctoral Committee) "Application to take the Doctoral Qualifying Examination" to the Graduate Secretary to be filed in the program student file. Applications to take the written component of the DQE must be submitted to the Graduate Secretary by 4:30 p.m. on the Thursday prior to the week in which the exam is scheduled; that is, the deadline will be seven days prior to the day of the first two questions on the DQE are sent out (see dates below). The written component of the DQE is administered once a year--in the Fall Semester. The oral component of the DQE, which is individualized for each student, does not require an application and typically occurs two to three weeks after the written exam at a time agreed to by the student and his/her Doctoral Committee.
