

Waiver for Graduate Course Equivalence

DEPARTMENT OF PSYCHOLOGY

UNIVERSITY OF FLORIDA

Instructions: Any graduate student who has completed graduate-level coursework at another university and wishes to seek exemption from taking equivalent courses in our graduate program must present a detailed course syllabus for the completed course to a faculty member who teaches the comparable course at the University of Florida. In addition, the student will provide any other documentation that faculty member requires to process the request. If that faculty member agrees that the course material is equivalent, they will sign (below). The student is then responsible to submit the form to the Area Director for the student's graduate program. The Director will approve (as appropriate) and sign at the bottom of page 2. Once the signatures are collected, the student will return the signed form to the Graduate Coordinator, who will approve (as appropriate) and enter it into the Graduate Information Management System (GIMS) for approval by the College Dean and Graduate School. The waiver form is then deposited in the student's Departmental file.

This waiver form is to be used to seek exemption for one or more courses that are required in any of the graduate programs in Behavior Analysis, Behavioral and Cognitive Neuroscience, Counseling Psychology, Developmental Psychology, or Social Psychology. Please complete all sections fully and accurately to avoid having the form returned.

UFID: _____

name: _____

e-mail: _____

term of entry into UF graduate program: _____

graduate program (BA/BCN/COU/DEV/SOC): _____

Example:

X. EXTERNAL COURSE NUMBER, NAME	PSY6666 Advanced Social Psychology
